PERSONAL SUMMARY

I'm an external consultant specialized in food risk management, working as an External Quality Director. I'm a freelancer who provides services for food industries that want to certify in Food International Standards like IFS, BRC or FSSC 22000 (food, logistics and packaging).

KEY ACHIEVEMENTS

The challenges that my clients need to achieve become my goals, so I've never failed one food safety certification. My work ethic won't let me settle for less than my best. This is my first key achievement.

The second one is a combination of enthusiasm and persistence; therefore I'm able to persevere through challenges and setbacks without falling into frustrations or anger. I've noticed that this tends to keep those around me in good spirits as well.

WORKING EXPERIENCE

1. IN FOOD RISK MANAGEMENT		
Companies	Period	Services provided
• REVISA Collective catering establishments	currently	new model of food risk management in 44 collective catering establishments
• TISA transport and storage company	currently	internal audit IFS Logistics i2.2 & implementation of the standard

ACSA Food Safety Catalan Agency (Health Department from Catalan Government) See the link	2008 up to date	Technical review of the majority of good hygiene practice guidelines (guies de pràctiques correctes d'higiene), so I thoroughly know the management of food hazards in most food sectors. Also, I'm the author of the <i>Guia per a la venda de proximitat dels productes agroalimentaris</i> (Sale of proximity to agri-food products guideline)
2. IN FOOD SAFETY TEACHING		
All the issues of International Food Safety Standards and European regulations specify that the economic operators are responsible for training food handler. So, CEO from the companies mentioned above hired me to do this task.		
3. IN CONGRESSES		
Presentation of the <i>Sale of proximity to agri-food products guideline</i> in 9 th Meeting of the Food Safety Spanish Society (SESAL), Food Safety in times of crisis, in Madrid, 2013
